ENSURING BEST PERFORMANCE IN FIELD

A complete test kit with equipment for control measurement, mainly of single mode fiber cable. Quilified measuring instruments for military use.

Micropol MIL-test kit makes it easier to test and investigate fiber cable out in the field. Equipment and accessories for measuring and control of all types of single mode fiber cable commonly used in the defence area. The kit contains measuring cables and connecting cables for all kinds of field- and patch cable.

FEATURES

- Control of Falcon™ connectors
- Function test in field
- Rugged
- Adapted for military use
- Easy handling
- Quick and reliable
- No adhesive or epoxy required
- Designed for difficult installation scenarios
- Custom foam interior

CONTENT EXAMPLE

1 pcs	Pelicase 1520 (48,5cm x 39,2cm x 19,2cm)
1 pcs	CamSplice TOOL with cleaver
16 pcs	CamSplice
2 pcs	FOKS4-P-5m/Open end-including Splicebox
1 pcs	FOKS4-P-5m/Open end-excluding Splicebox
1 pcs	Splicebox for cable splice
1 set	Tools

The field measurement kit are commonly custom made according to customers specifications together with our product developers.

WE ARE MICROPOL

At Micropol we combine unique design and production technology to offer more complex and compact solutions for passive fiber optics. Our work is of extreme high precision and we are known for providing short lead times, high quality and customized applications.

Regardless of the application, we have the knowledge and the capacity to manufacture the product needed – either according to the customer’s specification or as a specially tailored solution. All our products are manufactured in our own facilities.

Our customers are found in a large variety of markets where advanced fiber optic solutions are crucial. Our products are used in a whole range of technologies, from complex fiber optic networks for telecom and data communication, to advanced sensor systems for industrial (e.g. mining, forest and offshore), medical and military applications.

Made to last a lifetime

We are proud to be a vital link between the information community of today and that of the future. We have always built our success on long term relations, knowledge and solid craftsmanship to provide the highest quality and the best service. Solutions made to last a lifetime.
